

## **J-Canine Pet Resort presents “An Evening of Jumping” with Renee King**

There is one obstacle that is in almost every course in dog agility...JUMPS! Most of us never think about how our dog is jumping and how to help him jump better. Learn more about how dogs jump, how to help them jump better, and exercises to strengthen their jumping skills at this workshop.

The workshop will begin with a discussion, lecture, and demonstration of jumping. Learn the language of jumping....Inverted, Rounded, Flat, Extension, Collection, How to count strides, Linda Mecklenburg's Recall to Heel Exercises, and why it all matters. After the discussion/demonstration, you will work with your dog on the exercises and jump grids. At by the end of the evening, you and your dog will be confidently navigating jumping sequences with your new knowledge.
